EDUCATION-ELEMENTARY EDUCATION

ASSOCIATE IN SCIENCE

The courses in this program will meet the requirements for an Associate in Science Degree in Elementary Education at Lafayette Community College. This program is a solid foundation to understanding curriculum development, classroom management, and the elementary education school setting. Courses are transferrable to Kansas Regent schools, but since requirements at 4-year colleges vary, students must refer to the 4-year college of their choice to determine course enrollment at LCC.

After Graduation

Students will be prepared to continue their education at a 4-year college. A Bachelor's Degree is the minimum requirement to pursue a career as an elementary teacher (K-6). A student could also utilize an Associate Degree in Elementary Education in order to obtain a Kansas Substitute-Teacher's License and begin work in the school system. Associate Degree in Elementary Education graduates are eligible to apply to the Newman University Elementary Teacher Education Program. The Teacher Education Program, available on LCC's main campus, may be completed in 16 months and is offered at night, three to four evenings each week except for the 16 weeks internship. Graduates of the Newman Elementary Teacher Education Program can be licensed to teach kindergarten through 6th grade and may complete middle level endorsements in math, science, English or social studies.

Students transferring to a different 4-year college should contact the advisor at that university to ensure transferability of coursework. It is the student's responsibility to follow the transfer requirements for his/her transfer institution.

Courses designated as Physical Science, Natural Science, Humanities, Social Behavioral and General Education electives can be found on page 82.

Placement Tests or pre-requisites are required for English Composition I, Math courses and most General Education Electives. See page 31 for complete Placement information.
