#### **After Graduation**

LCC has an articulation agreement with Kansas State University.

According to the Bureau of Labor Statistics an Associates of Arts in Psychology provides a student the jump start they need to transfer to a four year bachelor's degree program. Once a student completes their bachelors they can move on to a Master's Degree and even a PhD but it all begins with the Associates of Arts in Psychology.

Additionally, the Associates of Arts in Psychology could mean about \$130.00 extra a week in wages, more than a person would earn with only a high school diploma. Students who complete an Associates of Arts in Psychology may be eligible for social and human service assistance jobs. In these jobs the student might provide client services to individuals and/or families from several different fields including: psychology, rehabilitation, and social work; assisting other workers such as social workers whose clients are seeking assistance or benefits from community programs/services.

# SOCIAL SCIENCE/SOCIAL WORK

## ASSOCIATE IN ARTS

If you're looking for a career with meaning, action, diversity, satisfaction, and an abundance of options, consider social work. Social workers are people who care about people, who want to make things better, who want to relieve suffering, who want their work to make a difference (Careers.socialworkers.org).

Social workers work in social services, hospitals, mental health facilities, hospice centers, and schools. They work with children, the elderly, veterans, people with medical, behavioral, and mental health issues, individuals with substance abuse issues, and those on probation or parole. Social workers act as case workers, administrators, and counselors.

### After Graduation

This Associate's degree is designed for students who plan to transfer to a four-year college. Entry level positions in the field are available with an Associate's degree. However, there are greater opportunities for those with further education. Accredited Bachelor's programs prepare students for Licensed Baccalaureate Social Worker (LBSW) certification, which expands employment opportunities. A graduate degree in the field opens the doors to becoming a counselor with private practice options.

Overall employment of social workers is projected to grow 12 percent from 2014 to 2024, faster than the average for all occupations.

\*Students should be aware that criminal background checks are required for most social work positions, as well as for Bachelor's and graduate education programs. A criminal conviction or past infraction does not always mean that licensure will be denied. It can depend on the seriousness of the crime and other circumstances or mitigating factors. For information on wages, job outlook, and more see: <http://www.bls.gov/ooh/community-and-social-service/mobile/social-workers.htm>
