

## PN CERTIFICATION NURSING PROGRAM

(FIRST LEVEL OF ADN BI-LEVEL NURSING PROGRAM)  
ACADEMIC CURRICULUM MAP

An academic map is a suggested two-year schedule of courses based on degree requirements. This sample schedule serves as a general guideline to help build a full schedule each term. Milestones, courses, and special requirements necessary for timely progress to complete a major are designated to keep you on track to graduate in two years.

**This map is not a substitute for academic advisement**—contact your advisor if you have any questions about scheduling or about your degree requirements. Also see the current academic catalog for a complete list of requirements and electives. Note: Requirements are continually under revision, and there is no guarantee they will not be changed or revoked; contact an advisor, the department and/or program area for current information.

## Associate in Applied Science Admission Criteria

Students interested in the Nursing Program can be admitted to the College on the same basis as other students, but admission to the College does not ensure admission into the Nursing Program. Acceptance into the Nursing Program is based on the criteria established by the department. Nurse Aide Certification and CPR Basic Life Support Certification are required prior to admission. CPR Basic Life Support and IV Therapy Certifications are required prior to admission to the Articulating LPN Program.

To obtain more information about the criteria and to get a copy of the application procedure please contact the Program Assistant at (620) 421-6700 extension 1263.

Selection is based upon the following criteria:

Grade point average (GPA)

Score on the Test of Essential Academic Skills (TEAS)

Average scores on three (3) confidential references.

The same selection criteria will be used for transfer students and Articulating LPN applicants.
