After Graduation

LCC has an articulation agreement with Kansas State University.

According to the Bureau of Labor Statistics an Associates in Psychology provides a student the jump start they need to transfer to a four year bachelor's degree program. Once a student completes their bachelors they can move on to a Master's Degree and even a PhD but it all begins with the Associates in Psychology.

Additionally, the Associates in Psychology could mean about \$130.00 extra a week in wages, more than a person would earn with only a high school diploma. Students who complete an Associates in Psychology may be eligible for social and human service assistance jobs. In these jobs the student might provide client services to individuals and/ or families from several different fields including: psychology, rehabilitation, and social work; assisting other workers such as social workers whose clients are seeking assistance or benefits from community programs/services.
