Awareness of Policies

Each student is expected to be fully acquainted with all published College policies, copies of which are available to each student for review in the Student Affairs Office or in the LCC Library. The College will hold each student responsible for compliance with these published policies. Students are also expected to comply with all federal, state, and local laws, and any student who violates any provisions of those laws is subject to disciplinary action, notwithstanding any action taken by civil authorities because of the violation. This principle extends to conduct off campus that is likely to have an adverse effect on the College or the educational process. In the event of an infraction:

- A. The student(s) believed to have been involved will meet the respective Vice President of Academic Affairs to review the incident.
- B. Following a preliminary investigation, if sufficient evidence indicates that a violation of the Code has occurred, the Vice President of Academic Affairs will initiate the procedures for a hearing.
- C. Should the student disagree with the findings, an appeal is allowed and is to be pursued within the respective procedures.

Computer and Internet Usage (Procedure 3.25)

Labette Community College (LCC) makes computer and Internet access available to students, faculty, staff and service area residents for their use in pursuing the educational and administrative goals of the College. Access to LCC's network, computer systems and Internet connection is granted subject to College policies, procedures and local, state, and federal laws.

Because the College gives priority to its educational mission, has only a limited number of computers, and has an Internet system limited on the amount of data it can efficiently handle, it is important that this resource is used only in ways that are ethical, legal, considerate of others, reflect academic honesty and community standards (Policy 3.08 Library Internet Usage and Procedure 3.10 Library Challenged Materials), and are responsible in terms of preservation of the resource for all users at the College. Any action that fails to demonstrate respect for intellectual property, data ownership, or system security mechanisms, any action that violates individuals' rights to privacy or freedom of speech, any action that violates freedom from intimidation, harassment, and unprovoked annoyance, or any action that otherwise unreasonably interferes with another person's use is prohibited.

The following procedure is intended to serve as a basic outline for the use of computer resources at Labette Community College other than those resources found in the Library. The Library has adopted its own set of policies and procedures (Policy 3.08 and Procedure 3.10) addressing computer and Internet usage in the Library. This procedure is intended to provide reasonable protection of the rights of individual users, fair access, and effective management of LCC computer resources. These guidelines are intended to supplement, not replace, all existing laws, regulations, agreements, and contracts that currently apply to those resources. The Library also provides access for non-students who live in the College service area.
