

Labette Community College is offering a three-semester Electronics Certificate Program to meet the growing demand in industry for certified electronic technicians. On-ground courses use state-of-the-art equipment made possible by a grant from Lowe's Home Improvement, and work benches donated by DEPCO, Inc. in Pittsburg, KS. The program is housed on the main campus in Parsons, KS.

Students who successfully complete the program will be eligible to sit for the Certified Electronics Technician (CET) Exam and can choose to enter the workforce or transfer courses to Pittsburg State University for advanced electronics training.

Marty Warren, instructor, is an electronics technician with over 30 years experience as the electronics instructor for Labette County High School and LCC. His students have earned multiple awards on the national level at SkillsUSA competitions, including gold medals in 2011, 2012 & 2013.

Median annual wages for electrical and electronics installers and repairers (May 2010)

Powerhouse, Substation, and Relay
\$65,230

Commercial and Industrial Equipment
\$51,820

Transportation Equipment
\$48,410

Electric Motor, Power Tool
(and Related Repairers)
