

GRAPHIC DESIGN TECHNOLOGY

ASSOCIATE IN APPLIED SCIENCE

The Graphic Design Program provides a foundation in combining visual concepts with technology to communicate ideas through print and web applications. Program curriculum involves creative thinking and problem solving projects using traditional design skills and the latest in digital technology. Students will develop a comprehensive print and online portfolio of work in page layout, branding, typography, advertising, illustration, photography, photo manipulation, animation, and web design. Design your future today!

Recommended Course Sequence

SEM 1: GRAP 103, GRAP 107, GRAP 118, GRAP 202

SEM 2: GRAP 120, GRAP 204, GRAP 206, GRAP 210

SEM 3: GRAP 113, GRAP 128, GRAP 130

SEM 4: GRAP 200, GRAP 208, GRAP 216

Graphic Design courses are offered only once per year, therefore following the recommended course sequence is essential in completing degree requirements within a two-year period.

Student Organization

Throughout the year the Graphic Design Club holds seminars, workshops, and hosts guest speakers which would benefit students majoring in graphic design. By joining the GDC, students have the opportunity to network with other individuals in the graphic design industry as well as provide community service through on campus activities and real world design projects.

After Graduation

Students can obtain entry-level employment in the field of graphic design or prepare for transfer to a four-year university. Career opportunities include positions such as graphic designers, desktop publishers, illustrators, production artists, photographers, prepress technicians, web designers, and multimedia artists.
