

**LCC Two Year Plan**  
**Concentration: Nursing**  
**Degree: Associate in Applied Science**

This four-semester plan is for planning purposes only and serves as a guide to the student to complete the degree in four semesters. The student, in consultation with the advisor, should choose elective course elective courses to satisfy degree requirements. An individual learning plan should be developed to insure the student is properly placed in the recommended courses.

**PREQUISITE COURSES**

Course #	Course Title	Hours	Category
ENGL 101	English Composition I	3	Required General Education
BIOL 130	Anatomy & Physiology	5	Required General Education
