

Radiography Admission Criteria

Students interested in the Radiologic Technology Program are admitted to Labette Community College on the same basis as other students, but admission to the college does not ensure admission into the Radiologic Technology Program. Students are selected for the Radiologic Technology Program based on the following factors:

1. Previous academic record, high school and/or college, GPA and ACT scores.
2. TEAS Admission Assessment Exam Scores
3. Two personal references, one of which should be from a former instructor.
4. Interview with clinical preceptor at one of the clinical education settings.
5. General education courses that satisfy Radiologic Technology curriculum should be satisfied.
6. Submission of Background Check (For clinical placement only)
7. Interview for applicants with satisfactory scores in the above criteria.
8. Satisfactory physical evaluation, verified by a physician (including immunization records).
9. Signing the Conditions of Acceptance Form.
