

## Vascular Sonography concentration requirements

### Fall Semester

DMS 201- Introduction to Sonography	3
DMS 211- Sonography Physics & Instrumentation	3
DMS 230- Vascular Sonography I	3
DMS 251- Vascular Sonography Clinical I      3 days a week	5
	<hr/>
	14

### Spring Semester

DMS 234- Sonography Physics & Instrumentation/Registry Review	3
DMS 231- Vascular Sonography II	3
DMS 252- Vascular Sonography Clinical II      3 days a week	5
	<hr/>
	11

### Summer Semester

DMS 237 Vascular Sonography Registry Review	2
DMS 253 Vascular Sonography Clinical III      4 days a week	5
	<hr/>
	7

**Total Credit Hours 32**

### Summary

- The vascular concentration is 32 total credit hours.
- A new class will start every August of each year.
- The Vascular concentration is a 12-month program that will focus strictly on vascular anatomy and pathology.

### Clinical expectations

- The applicant will complete a minimum of 1024 clinical hours.
- Complete all required checklists and general competencies in the assigned facility.
- Trajecsyst software will be used to upload all required documentation.
