NON-CREDIT WELDING CLASS

This 4-week (8-class) non-credit welding course is designed for beginners, intermediate, and advanced students looking to develop or refine their welding skills. The class covers a variety of techniques, including MIG, TIG, and stick welding, as well as metal preparation, safety procedures, and project-based learning.

4-WEEK CLASS

**DATES: MARCH 3-4, 10-11, 24-25, 31
& APRIL 1**

**MONDAY & TUESDAY EVENINGS
6 - 8 PM**

**WORKFORCE TRAINING CENTER
1520 FLYNN DR. | PARSONS**

All necessary consumables will be provided.
However, students are required to bring their own welding hood, jacket, gloves, boots, and jeans, as these are not provided.

This hands-on course provides personalized instruction to ensure all students progress at their own pace while gaining valuable experience in a professional welding environment.
