

# Ordering from Online Bookstore

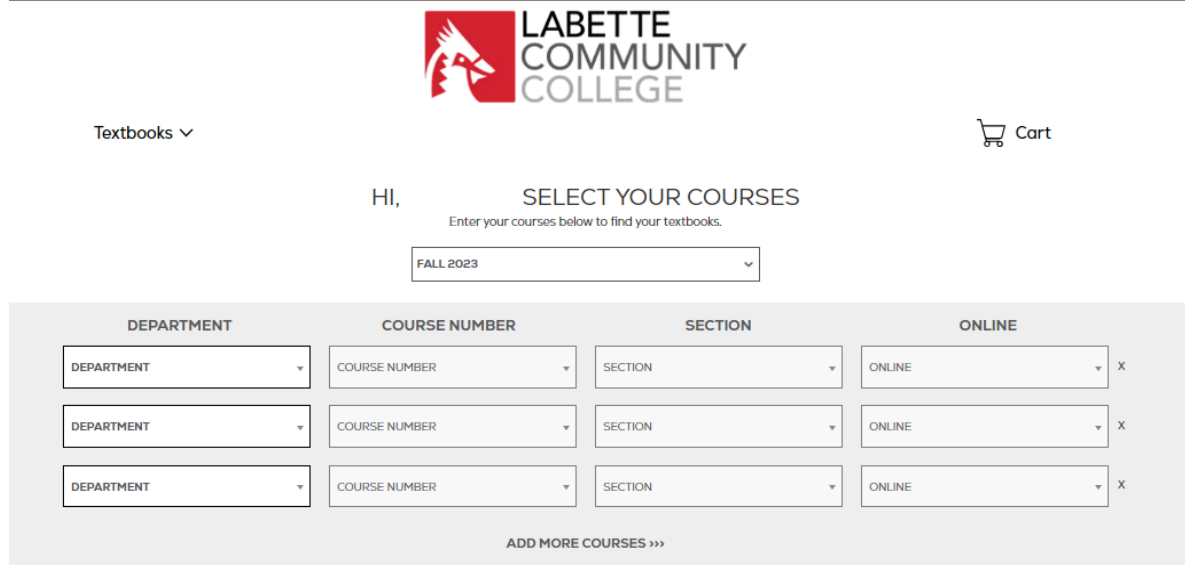

Sign in to the Online Bookstore using your **LCC student email** and the password you created. (If you haven't created one, select *Forgot your password?* You'll receive a link to create one.) Password must have a capital letter.

## SHOP BY COURSE

Once you're signed in, click the Textbooks dropdown and select Order.

You'll need to select the department, course number, and section of each class you're taking. Your schedule and statement have this information.

Once you've added your books to the cart, you'll proceed to checkout. You'll proceed through the shipping address and method like normal. If you have a book voucher, it will be listed and applied as shown to the left.

If there is any remaining balance to be paid, then you'll enter your credit or debit card information to pay it. **It will also ask for a credit card/debit card if you have a rental.** If you don't return the rental your card will be charged.

Once you've reviewed the cart and completed checking out, you're all set for the semester!
