
Audit

Students may take a course for no credit by requesting an audit at the time of enrollment (see Special Tuition and Fees in Financial Information Section). Audit status cannot be reversed. If a course is audited, a grade will not be assigned and the instructor will not be required to administer or grade tests for these students. Students enrolling in courses for credit will be given priority over audit students when seating is limited.

Credit for Prior Learning (Procedure 3.05)

Credit for Prior Learning (CPL) is learning that has not been transcribed by an institution of higher learning. CPL will be evaluated based on the different types below and may be awarded according to the following conditions:

1. The student must currently be enrolled in at LCC and have a declared major at LCC.
2. All courses for which Credit for Prior Learning are awarded must have equivalent courses in the Labette Community College curriculum. Partial credit will not be awarded.
3. All earned credit will receive a grade of "P" for pass and will not be calculated into the cumulative grade point average.
4. Credit for prior learning will be counted toward graduation and may be used to fulfill curriculum requirements.
5. Credit for prior learning cannot be used to meet the enrollment requirement for federal or institutional aid.
6. Credit for prior learning cannot be used to repeat classroom credit in which a grade was received.
7. A maximum of 45 total credit hours of Credit for Prior Learning may be awarded based on the declared major.
8. Charges may be assessed for specific types of CPL listed below.

Multiple types of CPL can be considered for credit:

Portfolio Evaluation

In some instances, college credit may be awarded by means of a portfolio evaluation. A portfolio is a narrative document that details experiences, training, formal education, and work background. The narrative along with documentation will be turned in to the Registrar's office. Evaluation to determine if the objectives of a college class are met will be determined by the Academic Affairs office. No additional charges will be assessed.

Certificate Evaluation

In some instances, students may show a certificate of successful completion of training in order to get college credit for a class covering the same material. Certificates must be turned in to the Registrar's office, and evaluation to determine if college credit can be awarded will be determined by the Academic Affairs office. No additional charges will be assessed.

AP College Entrance Examination Board (CEEB-AP)

Advanced Placement tests (AP) are administered to high school students at the end of college-level courses that are taught in high school. To request test scores contact AP Services at <https://apscore.collegeboard.org/scores/#/> and have scores sent to the Registrar's office. The Registrar's office will determine if college credit can be awarded based on the following list which shows the AP tests approved and the minimum score required for credit:

CLEP

College Level Examination Program (CLEP) The CLEP is a national system of credit by examination, offering five general examinations assessing college level general education, as well as a number of subject examinations relating to specific college courses.

Labette Community College is an approved CLEP Testing Center. Both general and subject examinations are administered in the Student Success Center. Results should be sent to the Registrar's office to determine if college credit can be awarded based on the scores below. LCC will accept a total of 12 CLEP credit hours of general education. A score of 50 or above is required to apply the credits toward a degree.

American Council on Education (ACE) and ACE Guides:

ACE is a major coordinating body for higher education institutions in the U.S., providing third party, unbiased credit equivalency recommendations among other services. ACE Guides are credit recommendations for formal instructional programs and examinations offered by non-collegiate agencies (including civilian employers, the military, professional associations, and other workplace related-training).

Individuals seeking advanced standing credit should refer to the ACE website. Transcripts should be sent to the Registrar's office for evaluation in consultation with the Academic Affairs office.

Other:

Multiple options can be used to assess for CPL. If one of the above options does not match a student's needs, the student must request a review of CPL by the Registrar's office. The Registrar will work with Academic Affairs to review the request and determine what further action will take place.

Concurrent/Dual Credit Courses for High School Students

Concurrent Credit courses are college courses taught at the high school by qualified high school instructors in which students receive both high school and college credit. Students are enrolled by LCC personnel who come to the school, or by high school counselors or teachers. Students are taught using the same materials as the on campus college courses and use the same textbook, unless the high school textbook has been approved by the college. The same outcomes and competencies must be met by concurrent students and regular traditional college students.

Dual Credit courses are regular college courses taken by a high school student, taught by a regular LCC instructor (rather than a high school instructor). These classes may be on any campus or online and are not special classes for high school students only.

A high school student who has attained sophomore standing (successfully completed freshman year) may enroll in college courses with permission from his or her high school principal. The student must submit an enrollment form to the Concurrent/Dual Credit Coordinator with the "Unified School District Authorization" section completed and signed by the principal. A student who has been designated as "gifted" and below Sophomore status may enroll only upon submission of a completed and current (dates must cover period of enrollment) Individualized Education Plan (IEP) and that IEP must include a list of the college courses that are recommended as part of his or her plan. The IEP must be submitted to the Admissions Office at the time of enrollment.

High school students enrolled in concurrent/dual courses are required to follow the policies of the college. They will need to enroll and pay their tuition/fees by the stated deadline each semester. If they miss the deadline, they cannot take the course for college credit. Students must have their high school principal sign their enrollment form and have appropriate placement scores. Students are responsible for paying for concurrent/dual courses they enroll in and for purchasing their textbook, unless the high school provides one. If students decide they want to drop a course, or not take it for college credit, they will need to complete a drop form. They must submit the drop form to the college by the drop deadline or they will receive a grade for the course and be obligated for the cost of taking the course, regardless of the reason. Drop forms can be obtained from the LCC admissions office, by requesting one be mailed to them, or from their high school counselor. Non attendance does not automatically drop a student. Not paying for the course does not automatically drop the student. Once students graduate from high school, they will need to request their LCC transcript be sent to any other colleges they might attend. Their high school transcript will not reflect the college credit, only the college transcript will.
